

Endorsement Form

The Healthcare Is a Human Right Campaign, a project of the Vermont Workers' Center, seeks to change what is politically possible in the healthcare debate through grassroots organizing.

Healthcare Is a Human Right supporters believe in the following principles:

1. Every person is entitled to comprehensive, quality healthcare.
2. Systemic barriers must not prevent people from accessing necessary healthcare.
3. The cost of financing the healthcare system must be shared equitably.
4. The healthcare system must be transparent in design, efficient in operation and accountable to the people it serves.
5. As a human right, the healthcare system that satisfies these principles is the responsibility of government to ensure.
